ARTICLE XIV, Accessory Uses, Buildings and Structures

§ 184-134. Requirements for residential accessory uses and structures.

Except as may be specifically provided otherwise in this chapter, the following provisions shall apply to the specific accessory buildings, uses and/or structures for all residences in all residential and nonresidential zones; provided, however, that except for improvement coverage requirements herein, this article shall not apply to parking, signs and other accessory structures regulated elsewhere in this chapter when such regulations expressly or by clear implication supersede those in this article:

A....

I. Other miscellaneous residential accessory uses and structures. The following regulations shall apply as specified:

(1)...

(3) Playground equipment shall not be located in the front or side yard, shall be no higher than 15 feet above the ground, and shall be at least five feet from any property line.
